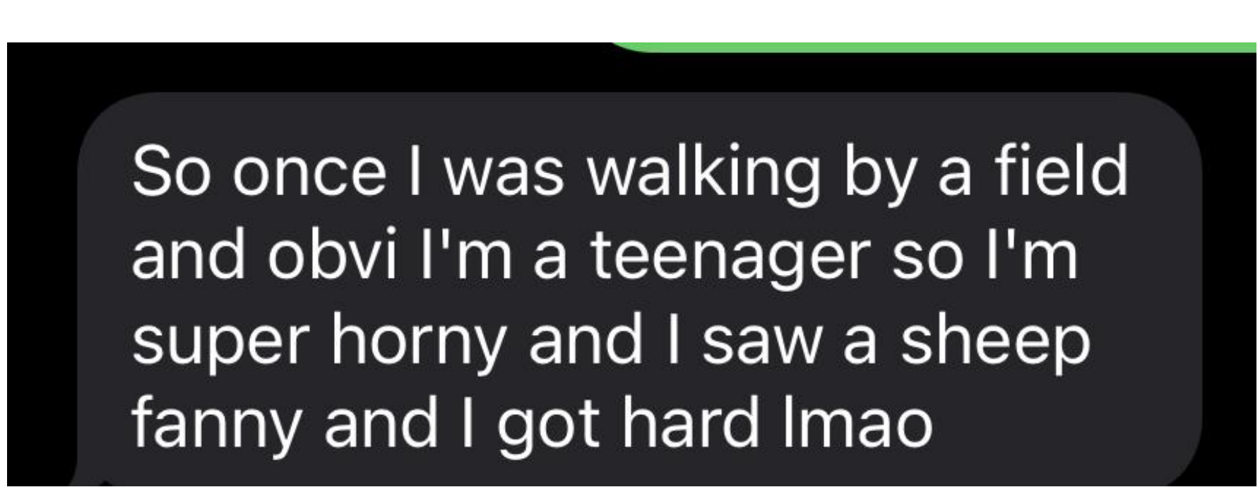
The Videomapping Community and Their Defense of Child Endangerment

Context Regarding Astral/Gwynn

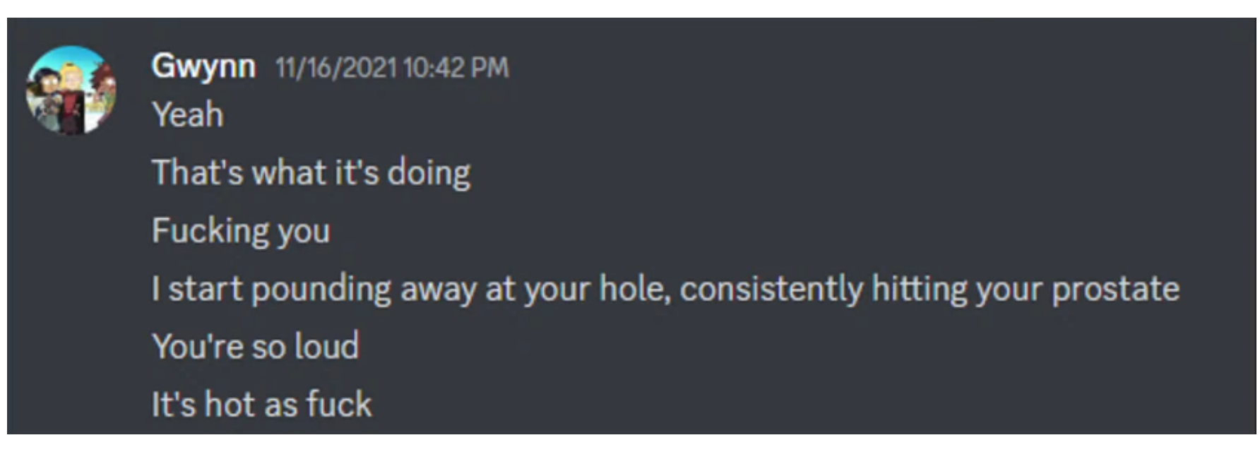
Earlier this year an alternate future/history mapper known as Astral was exposed for inappropriate sexual roleplays and grooming of eight minors over Discord.

- This video goes over most of the screenshots: https://www.youtube.com/watch?v=A8b72OQgvA4
- A response from Astral, and "parody" of Astral's response written by one of his defenders. https://docs.google.com/document/d/1q58cxmozoIZMzLmVFmrJSk7COIWOIM8xQjSD2GO5niw/edit

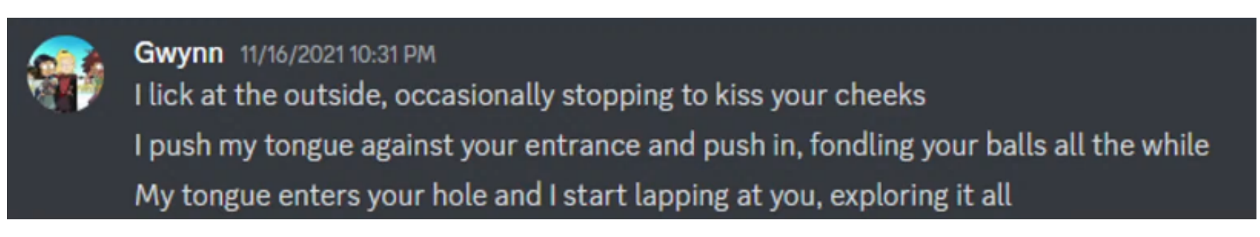
Astral/Gwynn explicitly defends child pornography, beastiality, and pedophilic behavior, as seen in these screenshots below. More screenshots are in the linked video above. According to some, Astral was kicked out of his foster home and university once this became public.



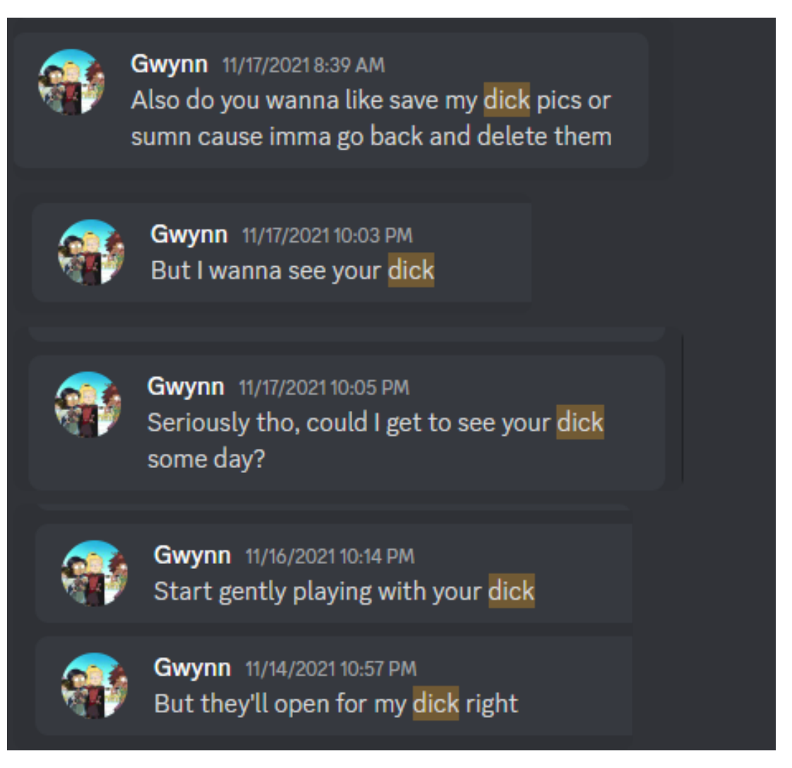
So once I was walking by a field and obvi I'm a teenager so I'm super horny and I saw a sheep fanny and I got hard lmao



Gwynn 11/16/2021 10:42 PM
Yeah
That's what it's doing
Fucking you
I start pounding away at your hole, consistently hitting your prostate
You're so loud
It's hot as fuck



Gwynn 11/16/2021 10:31 PM
I lick at the outside, occasionally stopping to kiss your cheeks
I push my tongue against your entrance and push in, fondling your balls all the while
My tongue enters your hole and I start lapping at you, exploring it all



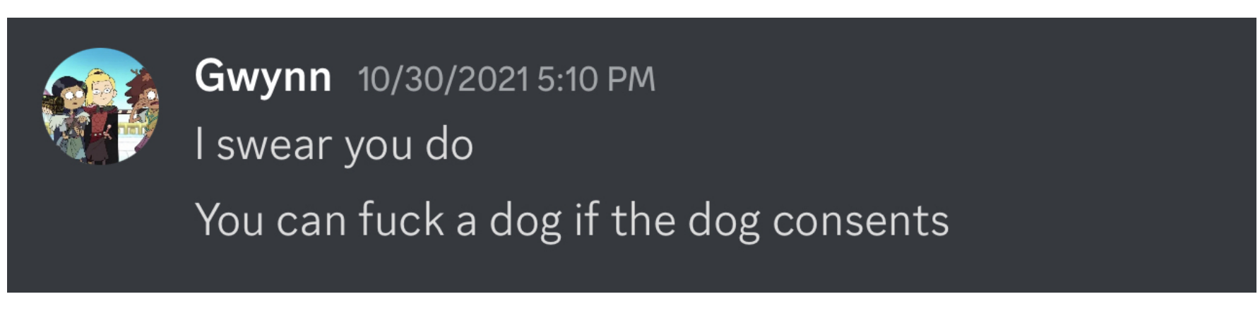
Gwynn 11/17/2021 8:39 AM
Also do you wanna like save my dick pics or sumn cause imma go back and delete them

Gwynn 11/17/2021 10:03 PM
But I wanna see your dick

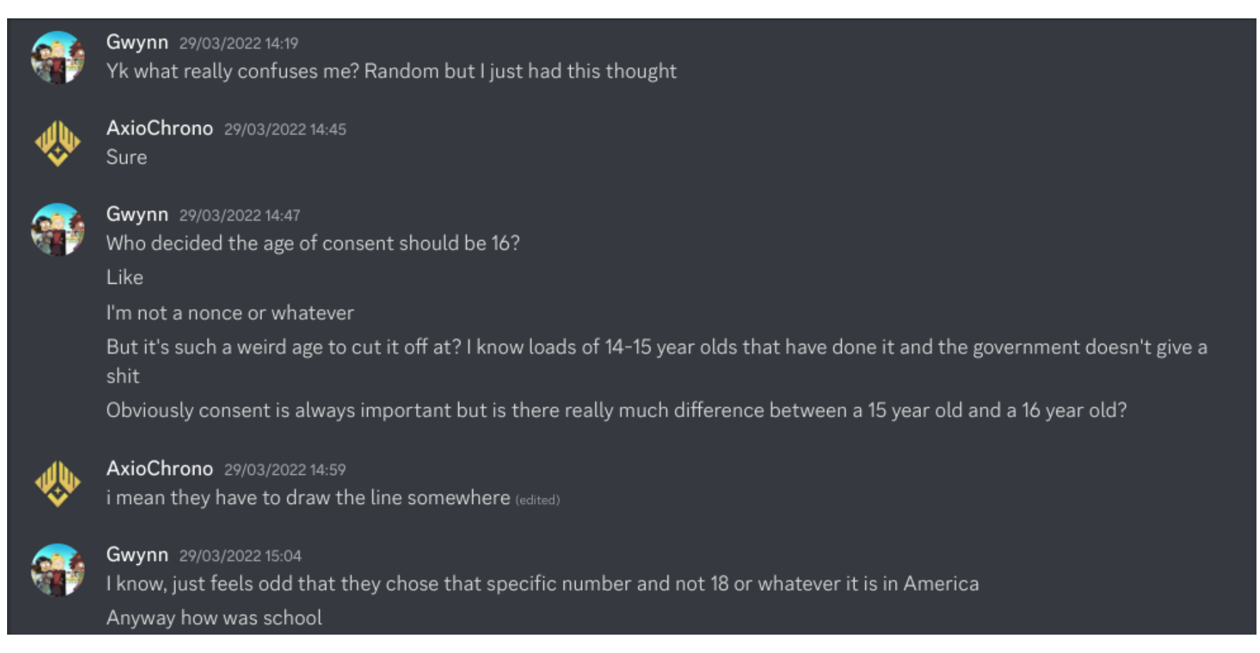
Gwynn 11/17/2021 10:05 PM
Seriously tho, could I get to see your dick some day?

Gwynn 11/16/2021 10:14 PM
Start gently playing with your dick

Gwynn 11/14/2021 10:57 PM
But they'll open for my dick right



Gwynn 10/30/2021 5:10 PM
I swear you do
You can fuck a dog if the dog consents



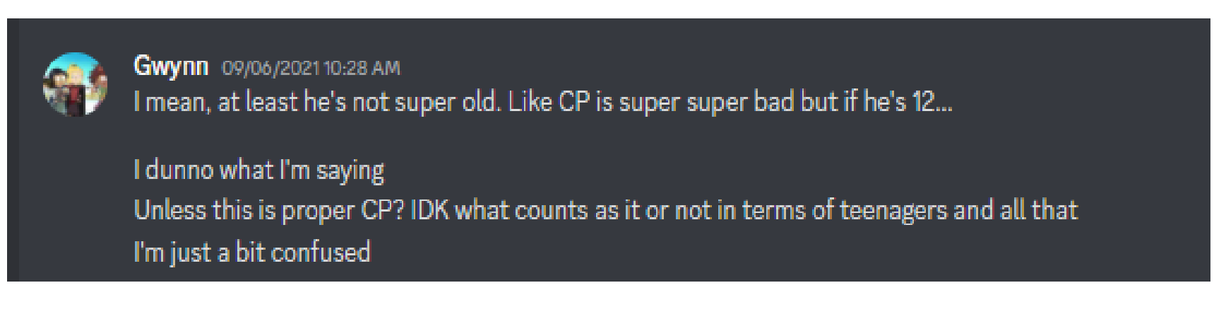
Gwynn 29/03/2022 14:19
Yk what really confuses me? Random but I just had this thought

AxioChrono 29/03/2022 14:45
Sure

Gwynn 29/03/2022 14:47
Who decided the age of consent should be 16?
Like
I'm not a nonce or whatever
But it's such a weird age to cut it off at? I know loads of 14-15 year olds that have done it and the government doesn't give a shit
Obviously consent is always important but is there really much difference between a 15 year old and a 16 year old?

AxioChrono 29/03/2022 14:59
i mean they have to draw the line somewhere (edited)

Gwynn 29/03/2022 15:04
I know, just feels odd that they chose that specific number and not 18 or whatever it is in America
Anyway how was school

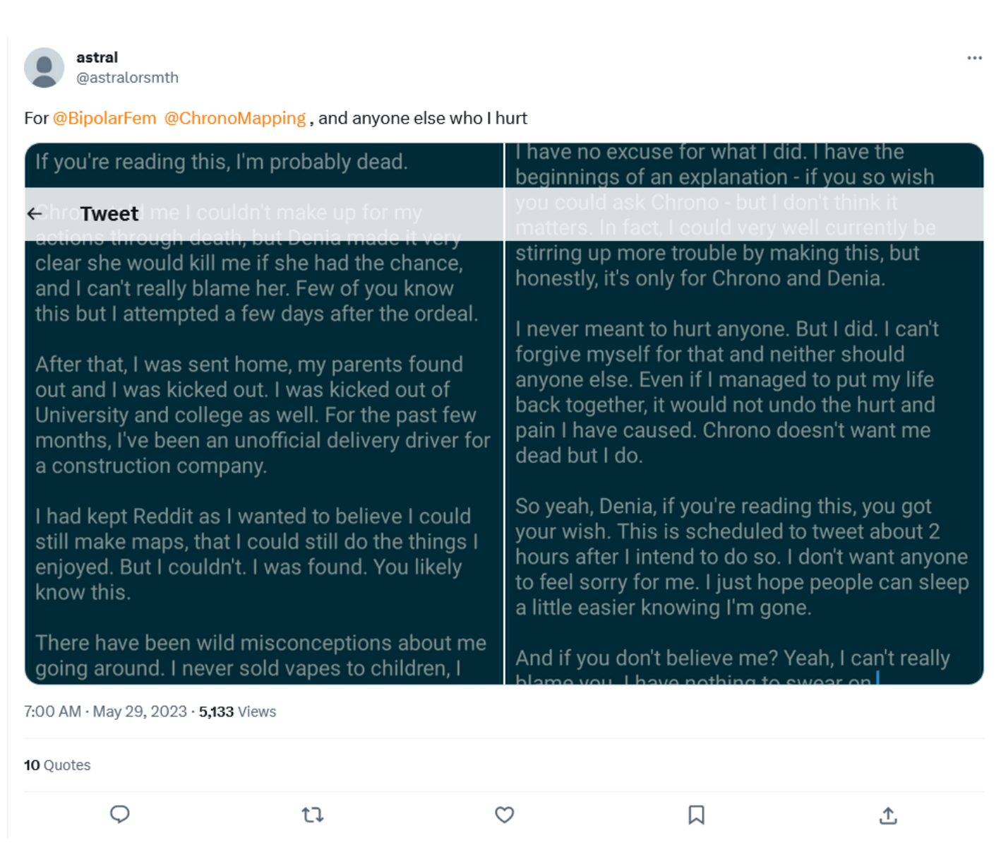


Gwynn 09/06/2021 10:28 AM
I mean, at least he's not super old. Like CP is super super bad but if he's 12...

I dunno what I'm saying
Unless this is proper CP? IDK what counts as it or not in terms of teenagers and all that
I'm just a bit confused

Alleged Suicide

Recently an account claiming to be Astral returned to twitter and posted the following:



astral @astralorsmth

For @BipolarFem @ChronoMapping , and anyone else who I hurt

If you're reading this, I'm probably dead.

Chro me I couldn't make up for my actions through death, but Denia made it very clear she would kill me if she had the chance, and I can't really blame her. Few of you know this but I attempted a few days after the ordeal.

After that, I was sent home, my parents found out and I was kicked out. I was kicked out of University and college as well. For the past few months, I've been an unofficial delivery driver for a construction company.

I had kept Reddit as I wanted to believe I could still make maps, that I could still do the things I enjoyed. But I couldn't. I was found. You likely know this.

There have been wild misconceptions about me going around. I never sold vapes to children, I

I have no excuse for what I did. I have the beginnings of an explanation - if you so wish you could ask Chrono - but I don't think it matters. In fact, I could very well currently be stirring up more trouble by making this, but honestly, it's only for Chrono and Denia.

I never meant to hurt anyone. But I did. I can't forgive myself for that and neither should anyone else. Even if I managed to put my life back together, it would not undo the hurt and pain I have caused. Chrono doesn't want me dead but I do.

So yeah, Denia, if you're reading this, you got your wish. This is scheduled to tweet about 2 hours after I intend to do so. I don't want anyone to feel sorry for me. I just hope people can sleep a little easier knowing I'm gone.

And if you don't believe me? Yeah, I can't really

This "suicide note" was followed by an account claming to be a friend of Astral, who quote tweeted Astral's note. This account has since been deleted for reasons I will get into later. This friend of Astral is most likely Astral himself, as their goal seemed to be to convince as many people as possible that Astral's victims are responsible for his death. I informed this individual that I would be contacting the police for their harassment of these people, and I did. After I said this, they deleted their account.

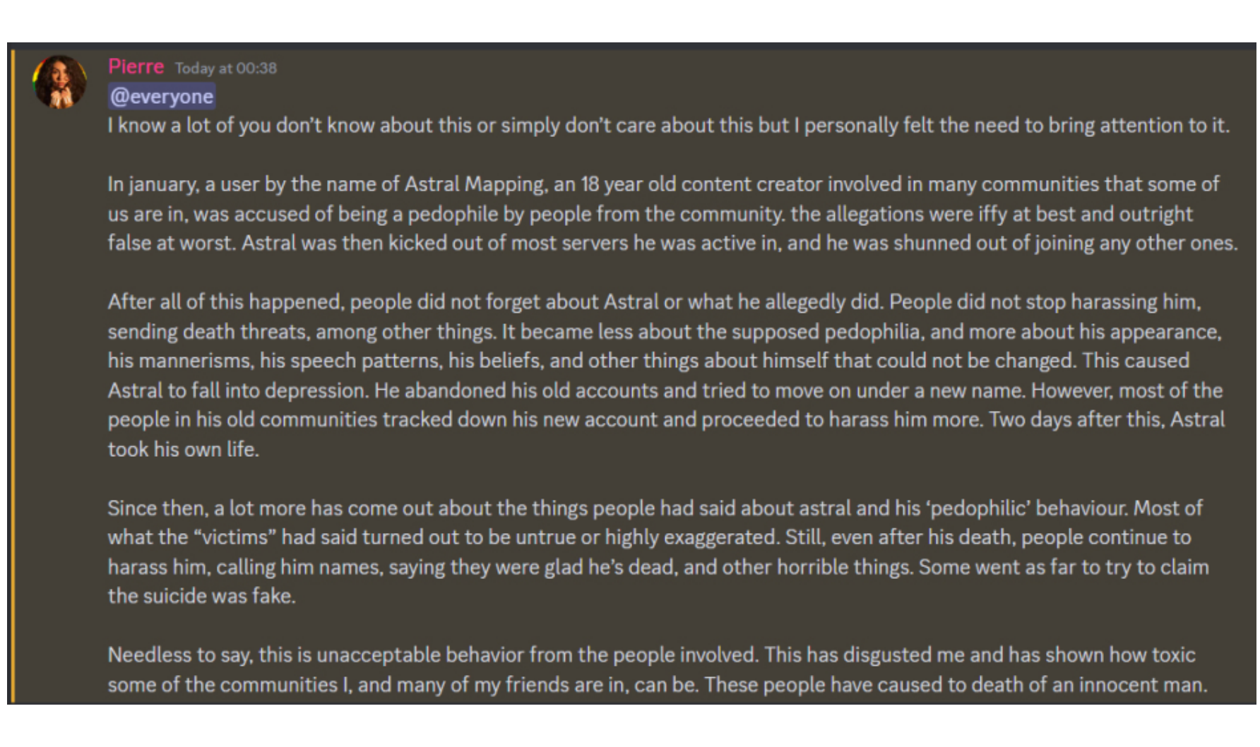
The Videomapping Community's Defense of Astral

A smaller videomapper known as Pierre Vittori shared the claims of Astral's "friend" and released the following statement.



Pierre Today at 00:38
@everyone
I know a lot of you don't know about this or simply don't care about this but I personally felt the need to bring attention to it.

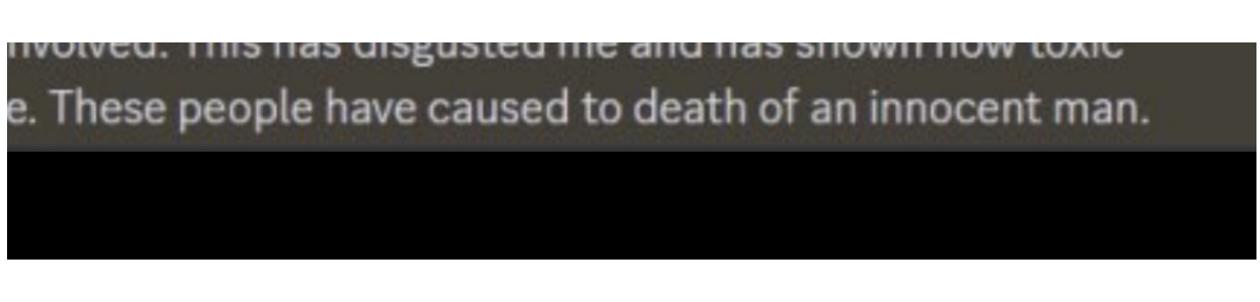
In january, a user by the name of Astral Mapping, an 18 year old content creator involved in many communities that some of us are in, was accused of being a pedophile by people from the community. the allegations were iffy at best and outright false at worst. Astral was then kicked out of most servers he was active in, and he was shunned out of joining any other ones.

After all of this happened, people did not forget about Astral or what he allegedly did. People did not stop harassing him, sending death threats, among other things. It became less about the supposed pedophilia, and more about his appearance, his mannerisms, his speech patterns, his beliefs, and other things about himself that could not be changed. This caused Astral to fall into depression. He abandoned his old accounts and tried to move on under a new name. However, most of the people in his old communities tracked down his new account and proceeded to harass him more. Two days after this, Astral took his own life.

Since then, a lot more has come out about the things people had said about astral and his 'pedophilic' behaviour. Most of what the "victims" had said turned out to be untrue or highly exaggerated. Still, even after his death, people continue to harass him, calling him names, saying they were glad he's dead, and other horrible things. Some went as far to try to claim the suicide was fake.

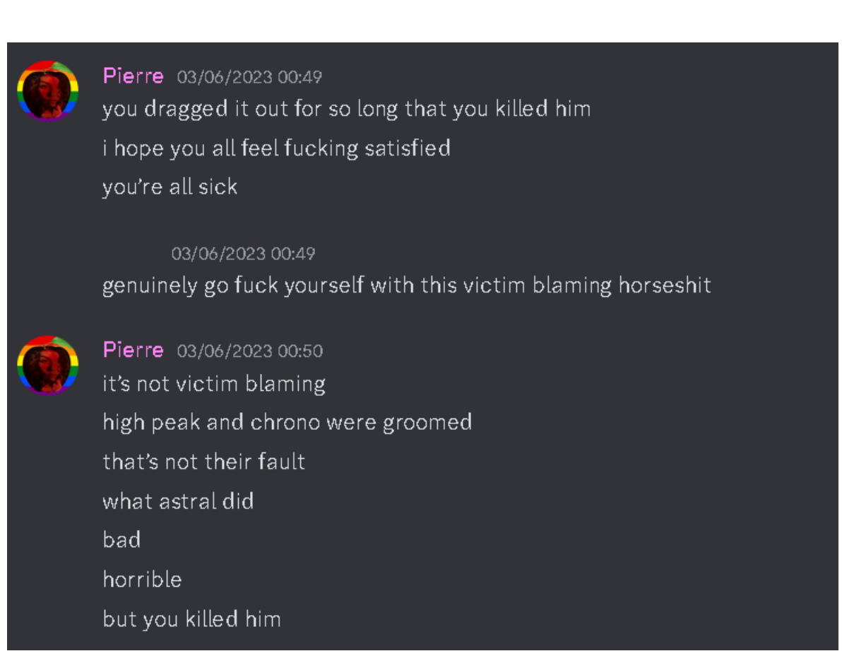
Needless to say, this is unacceptable behavior from the people involved. This has disgusted me and has shown how toxic some of the communities I, and many of my friends are in, can be. These people have caused to death of an innocent man.

In this statement, Pierre explicitly states that Astral is innocent and that his victims are liars.



e. These people have caused to death of an innocent man.

Pierre knows this is untrue. These screenshots prove that they understood this before this statement was made.



Pierre 03/06/2023 00:49

Pierre 03/06/2023 00:49

Pierre intentionally lied about the situation to paint Astral in a better light. I decided to have Ollie Bye informed of this. This was the response of Ollie Bye:

Ollie Bye and other videomappers decided to endorse this individual and their lies, despite having access to evidence. I angrily confronted these individuals with very harsh language that I still stand by, and do not regret.

Pierre later said that they "could have worded their announcement better" which is true, they could have instead announced that they were a pedophile and it would have been much more accurate.

This is from another defender, specifically the one who wrote the "parody" that endorses pedophilic behavior. Pedos stick together I suppose.

This behavior must not be tolerated, and should be known publicly. If you think any of this is okay, you are a freak. I will not discuss this issue further, I have done all I needed to. I will not associate with this disgusting community ever again.
